Stock Maintenance

Book stock will be monitored regularly to ensure that it is relevant, up to date and attractive.

Stock that does not fulfil this criteria will be weeded according to the following principles:

Non-fiction

This must contain accurate, up to date and presentable information.

It will be checked regularly and should be weeded off if any of the following apply:

- If books covering topical issues such as environmental, medical, technological issues, are over 5 years old
- If books covering the topic of Science, IT, Technology and Geography are over 5 years old
- If books covering topics other than those listed above have not been borrowed for 10 years
- If books were published more than 15 years ago
- If books no longer look presentable
- If books are no longer relevant to the curriculum.

Fiction

Fiction held in the main section of the library will be weeded off if it has not been borrowed for at least 5 years. (Exceptions will be made if the book is part of a series).

Senior fiction classics may be kept for longer if still in a presentable condition
