Person(s) Responsible:	Mr J Cleary
Governors' Committee:	Student Welfare & Community Committee
Last Review Date:	Autumn 2016
Next Review Date:	Autumn 2017
Status:	Statutory

The College recognises and values the good relationships between all of the College community, as fostered by the College, and expects that every allegation of bullying will be taken seriously.

All staff, students and parents should be aware of the negative effect that bullying can have on individuals and the College in general, and should work towards ensuring that all students can work in an environment without fear.

Bullying in the College is unacceptable and will not be tolerated.

We therefore take a strong stance against bullying of any type, since it lacks appreciation for the feelings of others. Bullying will not be tolerated and will be addressed in conjunction with the Management of Behaviour Policy, as bullying can cause deep distress, to the extent of the victims refusing to attend College or, in extreme cases, self-harming.

Aims and Objectives

1. Bullying of any kind is unacceptable. The aim of the policy is to ensure that students learn in a supportive environment without fear of being bullied and that staff are free of fear of bullying.
2. The College recognises that bullying can arise from ignorance and a lack of empathy, but also unhappiness and low self-esteem. We endeavour to create a culture and community that respects all students and staff and promotes equality.
3. If bullying does occur, students should be aware of whom to tell and be confident that the bullying will be dealt with promptly and effectively. Anyone who is aware of any bullying occurring should be expected to inform the appropriate staff.
4. There is no hierarchy of bullying and each type of bullying will be treated equally in terms of seriousness and dealt with appropriately.

Definition of Bullying

Bullying is behaviour by an individual or a group, repeated over time, that intentionally hurts another individual or group, either emotionally or physically, often where it is difficult for the person or group being bullied to defend themselves. Bullying can take many forms including emotional, physical, racist, sexual, religious, homophobic, verbal or online.

Conversely, bullying is **not**:

- Teasing and 'banter' between friends where there is no intent to cause harm or distress
- Falling out between friends after a quarrel or disagreement
- Behaviour that all parties have enjoyed or agreed to

Legal Context

The Education (Independent School Standards) (England) Regulations 2010 (Schedule 1 part 3 paragraphs 9 and 10) provides that every school must have measures to encourage good behaviour and **prevent all forms of bullying** amongst students.

The Equality Act 2010 states that public bodies must: 'eliminate unlawful discrimination, harassment, victimisation and other conduct prohibited by the Act'.

The Children Act 1989 states that 'a bullying incident should be addressed as a child protection concern where there is reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm'.

Criminal Law: although bullying in itself is not a specific offence in the UK some types of harassing or threatening behaviour could be e.g. under the **Malicious Communications Act 1988** it is an offence to send an electronic communication to another person with the intent to cause distress or anxiety.

1. If bullying is suspected or reported it will be dealt with promptly by the member of staff who has been made aware of it.
2. A clear account of the concern will be taken and given to the Year Managers relevant to the individuals involved and, where applicable, their form tutors. In some cases (reoccurrences) referral may be made to the Progress Leader, Assistant Principal (Behaviour and Safety) and the Co-Principal (Student Welfare).
3. The Year Manager will interview those concerned and take statements where necessary. Records will be kept in accordance with the College's data protection policy.

5. Where bullying also occurs outside the College, any other relevant schools/colleges or agencies will be informed (e.g. youth clubs, sports teams) and told of actions taken.

Preventative Measures

The College will actively undertake the following measures to prevent forms of bullying:

- Recognise the vulnerability of particular groups of students (SEN/FSM) and regularly monitor accordingly
- Closely supervise students who have been the victim of bullying or who are easy to target and monitor regularly
- Provide activities at break and lunchtime to act as supervised 'safe-havens'
- Utilise student leaders/prefects to reinforce the College message through their leadership roles and to assist with other strategies, such as peer-mentoring, which provide listening opportunities
- Be alert to requirements of staff training to deal with incidents or their prejudices, which may give the wrong impressions to students
- Involve the College Council and all other stakeholders in discussing the Anti-Bullying Policy in response to the need
- Provide advice and guidance to parents
- Fully integrate the Anti-Bullying ambassadors into the College community, raising awareness that they are individuals who can be used to discuss issues with, or a medium to communicate concerns
- Promote an anti-bullying ethos through College-wide engagement in nationally recognised days/weeks/events e.g. Anti-Bullying Week.

Arrangements for monitoring and evaluation

The Governing Body and the Senior Leadership Team will monitor the pattern and frequency of bullying with reference to records of incidents, sanctions and outcomes. Any action points arising from these monitoring activities will be implemented immediately.

Relationship with other policies

The Anti-Bullying Policy is linked to the Management of Behaviour Policy, Child Protection and Safeguarding Policy, and Single Equality Policy.
