Single Equality Statement

At Collingwood College equality is a key principle for treating all people fairly and creating a community in which everyone has the opportunity to fulfil their potential - irrespective of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination.

We recognise and respect all individuals are different, and value our diverse community. We foster positive attitudes, relationships and inclusiveness whilst reducing and removing inequalities and barriers that already exist. We welcome feedback and listen to stakeholders to prevent any form of prejudice and foster an environment that benefits our local community and society as a whole.
